Utilizes the Ditch Witch 33K or 35K digging system.

1

Simple, open design allows for quick, easy service access.

2

Redesigned easy-touch controls are smoother and lighter for less operator fatigue and increased machine responsiveness.

3

No daily grease points—a Ditch Witch exclusive—means less prep to keep your trenchers rental-ready.

8

Robust pivot design is maintenance-free and increases uptime.

7

Standard outboard bearing support stabilizes the headshaft and auger for reliable productivity.

6

Exclusive, patent-pending CX Track design puts more track on the ground for better traction and stability.

4

Shorter left track design allows for a narrower profile than the competition for more maneuverability in tight spaces.

# OPTIONAL CX SERIES FEATURES

## BACKFILL BLADE

Our easy-to-operate backfill blade is much faster and more reliable than shovels, increasing productivity and rental revenue.

## ROTO WITCH

The Roto Witch boring attachment results in fewer disturbances, less labor, and less restoration than tearing up driveways and sidewalks to complete an installation.
